

**Women Special Session at Medetel 2016
Luxembourg, 6 – 8 April 2016**

For its fourth participation the Working group on Women (WoW) and its partners, Millennia2025 Foundation, Connecting Nurses, Connecting Midwives and Klughammer, is organising a Women and eHealth session at Medetel 2016.

The selected theme is "**Women, eHealth and Telemedicine within the UN Sustainable Development Goals 2015 – 2030: from a global framework to local innovative programs.**"

The session aims at creating the momentum along the 17 UN SDGs, with a focus on SDG3 and SDG5, and local innovative programs using ICTs to reach women as beneficiaries, healthcare professionals and leaders in Telemedicine and eHealth.

Speakers will be coming from South East Asia, Central and Latin America and Europe. Participants will be proposed to share their experiences with the speakers during an open dialogue session.
